

EDUCATION FUNDERS LIST

The BMA offers a lively and diverse array of educational family activities and engaging school, teacher, and public programs. Partnerships with educational institutions range from free school tours for students from pre-kindergarten through college, extensive resources for teachers, and advanced internships and fellowships for undergraduate and graduate students.

The Museum is deeply grateful for the grants provided by local, regional, and state governments to support these programs, and for the individual, corporate, and foundation funders who help make possible these unique educational experiences.

The Baltimore Museum of Art gratefully acknowledges the following gifts and pledges of \$1,000 or more for educational programs received from July 1, 2010, through June 30, 2011:
